This photo flash builder helps you create photo flash slideshows fast and easily by choosing from dozens of templates to create a theme, adding featured background music and effects, making photo flash into SWF flash, SWF flash+HTML or XML file and then uploading the photo flash slideshows to

---

the web or sharing them with friends or backing up them on disc. With this fantastic photo gallery software - mediaAvatar Photo to Flash, quickly share your favorite photos and dazzle your friends with amazing photo flash slideshows! Tutorials This fantastic photo gallery software is a fantastic software and you need to know how to use this software. So here's a few tips that will get you started and help you maximize the full potential of your photos and start creating your photo flash slideshows. Add Your Pictures Add as many pictures as you like. This software will import all your pictures into one gallery automatically so you

---

can create the best photo flash slideshows from your pictures. Create a Photo Flash Slideshow Before creating your photo flash slideshows, you need to choose the best template. You can choose from many templates including album, slide show, sports, countdown, music, wedding, gallery, men, festive, baby, kid, holiday and many more.

After you choose your template, you can add featured background music and effects to make your photo flash slideshows more interesting. Optimize Your Photos There are some functions that allow you to optimize your photos such as background color, border, colors, brightness, contrast, resize,

---

crop, and more. You can also customize your photo flash slideshows to your liking by setting the album layout, slideshow interval, and slide transition.

**Create a SWF Flash Slideshow** After you finish creating your photo flash slideshows, you can save it as SWF flash slideshow, SWF flash+HTML, or XML file. After you save your photo flash slideshow, you can upload it to the web or share it with friends.

**Create a Flash Slideshow for Facebook** You can add your own background music to your photo flash slideshows and then upload your photo flash slideshow to Facebook. You can also include the option to share your photo flash

---

slideshows with your friends and family. The present invention relates to a method of producing a semiconductor device with a silicide film formed on the
